1st July 2013

To Whom It May Concern:

This is to confirm that First Works have recently undertaken painting and waterproofing projects on two of our buildings. The projects were done professionally and efficiently.

We were particularly impressed with their attention to detail as far as complying with safety measures.

It was an absolute pleasure dealing with Dave Roux from First Works who went beyond our expectations. We will gladly make use their services again.

Yours faithfully

Wendy de Villiers
Accountant
